Pudor's Iris - 1938 PUYALLUP STATE OF WASHINGTON

DOLLY MADISON

INDIAN CHIEF

DESERT GOLD

OUR INDIAN CHIEF COLLECTION

These Lovely 3 Iris for 85c, Postpaid, West of the Rocky Mountains \$1.00 East of the Rockies

THE GORGEOUS WILLIAM MOHR

The most unusual of all iris.

Introduction and Terms

SO PLEASE READ CAREFULLY

Prices in this catalog supplant those in all previous price lists.

PRICES ARE FOR ONE PLANT DELIVERED PREPAID IN THE UNITED STATES ONLY.

CANADIAN CUSTOMERS will please add 15c per pound to their order and will have to obtain plant permit from the Plant Bureau at Ottawa before shipment can be made. For large orders we advise Express Shipments.

In the United States orders amounting to \$2.00 or less are not prepaid and

MUST INCLUDE 25c POSTAGE when order is given.

On large orders we advise Express Shipment, the customer paying the forwarding charges, in which case we will send extra plants free of charge to make up part of the forwarding charges.

We cannot too strongly recommend July and August planting. WE CANNOT SHIP BEFORE JULY 1 NOR AFTER NOVEMBER 1.

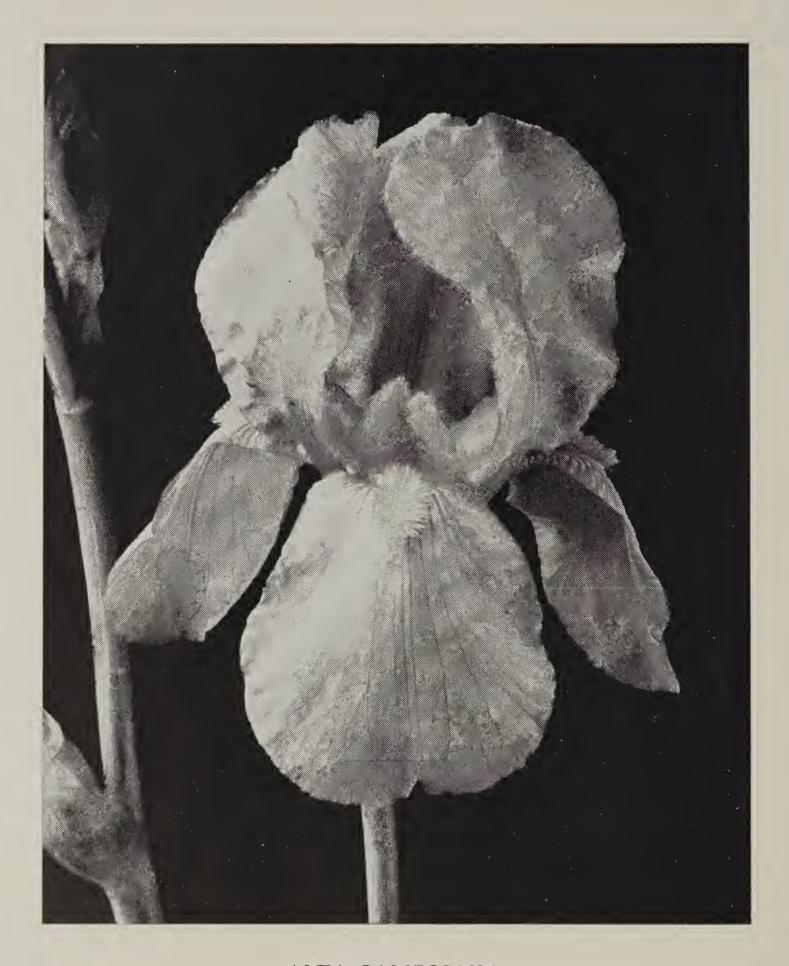

NOTICE TO LOCAL CUSTOMERS. If you expect to come to the gardens for iris plants on Sunday, we request that you call us on the telephone or send in your order during the week so we can dig the rhizomes Saturday. We will not always be able to dig iris on Sundays.

During November and December we will not be open for business, except by appointment.

SUBSTITUTIONS: We do not substitute unless directed to do so. If late in the season, we suggest you indicate a second choice.

TERMS: Remittance should accompany orders; we will not ship C.O.D. unless 25 per cent has been paid with the order. If convenient remit by Postal or Express Money Order; personal checks for less than one dollar are not acceptable as we are charged collection fees for such small checks; send stamps instead.

SALES TAX: Add 2 per cent to cover tax on all goods bought and delivered in the State of Washington. Other States free.

ALTA CALIFORNIA

Here is a yellow iris of real merit. The standards are a clear medium tone of yellow and the falls a shade deeper, faintly bronzed at the base. The blossoms are exceptionally large, and are carried on splendid stems four feet high. This iris performs equally well in California, Illinois, and Massachusetts.

List of ... New, Rare and Good Old Irises

TALL BEARDED (German) IRIS

S.—Stands for Standards. F.—Stands for Falls.
** Indicates Our Low Priced Favorites.

- **Alta California (Mohr-Mitchell, 1931). Fine yellow, large blooms. S. clear yellow; F., deep yellow faintly bronzed. 4 ft. tall. 45c
 - Ambassadeur (Vilmorin; France, 1920). One of the finest. S. Coppery violet. F. Deep rich velvety-brown. Height 4 ft. 25c
- **Anne Marie Cayeux (Cayeux, France, 1928). One of the finest color blends; a metallic lustre of heliotrope-pink and violet. A jewel. Height 32 inches. 50c
 - Aphrodite (Dykes, 1922). Exquisite lilac-pink self. Very sweetly scented. Height 4 ft. 25c
 - Asia (Yeld, 1920). A grand iris. S. pale silvery lavender; F. reddish purple. Height 4 ft.
- **Ballerine (Vilmorin, France, 1920). Wisteria-blue bicolor of immense size. Very sweetly scented. A great favorite. Height 3 ft. 25c
 - Blue Velvet (Loomis, 1929). A great beauty—a good doer everywhere. Royal shade of the richest blue, suggesting dark blue velvet. Height 42 inches.

 35c
- **Bruno (Bliss, England, 1929). One of the five best iris. S. Bronze heliotrope; F. rich velvety violet purple. Height 3 ft. 25c
 - Brunhilde (Salbach, 1934). Tall, dark blue-violet self. Large blooms, perfect form, flaring falls. Beard blue—branched stalks. An excellent novelty. Height 40 inches. Each \$3.50
 - Burning Bronze (Ayres, 1934). A dark red self, almost afire with a bronze suffusion. Falls are flaring and extra large. Honorable mention American Iris Society, 1933. An excellent novelty. Height 40 in. Each \$4.00
 - California Gold (Mitchell, 1933). Magnificent, deep yellow, large blooms. Does not fade. Late blooming. Height 30 inches. A super novelty.

Each \$4.00

- Cheerio (Ayres). One of the brightest red, flushed dull gold. "A flame in the garden." Honorable mention American Iris Sociecty, 1936. Height 38 inches. One of the best new "Red". \$4.00
- **Clara Noyes (H. P. Sass, 1931). S. tan, flushed heliotrope; F. reddish bronze, yellow beard. Low growing—22 inches—small rhizomes; very distinct, entirely different from any other iris. Mid-season.

3 for \$1.00; each 40c

- Copper Lustre (Kirkland, 1934). A distinctive and unusual iris. A glowing copper and gold blend, color iridescent like a new copper penny. Height 30 inches. Mid-season. One of the most noteworthy new iris. Each \$8.00
- **Dauntless (Connell, 1929). In color effect, a brilliant red bronze. Immense blooms. Dykes Medal. Height 40 inches. 40c
 - Depute Nomblot (Cayeux, France, 1930). One of the world's greatest iris A Dykes Medal Winner. S. purple, shaded old gold. F. wide, of a rich claret-crimson. 42 inches tall.
- **Desert Gold (Kirkland, 1930). One of the largest yellows, clear, bright tone; early and fragrant. Height 30 inches.

 35c
 - Dolly Madison (Williamson, 1937). One of the best. S. pale pinkish-mauve; F. lilac, flaring; orange beard. Strong and vigorous. 25c
 - Easter Morn (Essig). A giant white on tall branched stalks, flaring falls. Very distinct. Mid-season. Height 4 feet. Hardy everywhere.

Each \$1.00

- **El Capitan (Mohr, 1926). A magnificent, most popular iris. Huge flowers of a soft lavender blue. An outstanding, striking iris. Early. Height 28 inches. Honorable mention American Iris Society, 1929.

 35c
 - Eros (Mead-Riedel, 1934). A fine salmon pink, iridescent, silky flower. Very fragrant, vigorous and a good fast grower. Height 42 inches. Honorable mention American Iris Society, 1934, and again in 1936. \$2.00
 - Ethel Peckham (Williamson, 1932). Wonderful, brilliant red; large, perfect flowers; probably the best of all "reds" yet produced. Very fragrant. Honorable mention American Iris Society, 1932. A new winner. Each \$2.50
 - Euphony (H. P. Sass, 1929). A gem of an unusual color blend. S. bronze yellow; F. rosy-bronzed. A free bloomer, Mid-season. Heights 22 inches. Rhizomes always small.

 25c
- **Frieda Mohr (Mohr-Mitchell, 1926). One of the best iris in the world. Large, deep pink tones; perfect form, brilliant color. Long flowering season. Height 42 inches. 25c
 - Germain Perthuis. Enormous flowers of an intense velvety violet-purple self. Late. Fragrant. Height 3 feet. 35c
 - Gold Imperial (Sturtevant, 1924) Profuse bloomer of chrome-yellow flowers of beautiful texture. Early. 25c
 - Grace Sturtevant (Bliss, England, 1926). The most outstanding, rich brown iris of Dominion parentage with orange beard. Mid-season. Height 30 inches.
 - Gudrun (K. Dykes, England, 1931). One of the finest new whites. Very large pure white blooms, lightly dusted with gold at throat. Golden beard. Height 3 feet Royal Hort. Society, Dykes Memorial Medal, 1931; Award of Merit, American Iris Society, 1936. This is a new winner. \$2.00
 - Happy Days (Mitchell, 1934). A tall perfect, clear yellow iris; beautifully branched, each stalk carrying seven or eight massive blooms. Height 40 inches. Honorable Mention American Iris Society, 1935. \$3.50
- **Indian Chief (Ayres, 1929). Very fine and striking. S. pinkish red. F. deep rich velvety red. Large well formed flowers. A great beauty. 30c
 - Jean Cayeux (Cayeux, France, 1931). A Dykes Medal Winner. One of the finest introductions of recent years. Well formed, frilled flowers of a pale brown, shot with gold; a touch of blue at the beard. A super iris. Winner of highest honors both in France and England. Each \$1.50

- Junaluska (Kirkland, 1934). A very striking new red iris. Honorable Mention American Iris Society, 1936. S. coppery red, suffused rose. Falls red. An excellent novelty. Each \$5.00
- Lady Paramount (White, 1933). A super brilliant tall primrose yellow of great size. Mid-season. Height 40 in. An excellent novelty. Each \$2.00
- **Lent A Williamson (Williamson, 1918). A beautiful, tall, stately iris. S. lavender-violet, blended yellow. F. large, velvety pansy-violet. 25c
- **Los Angeles (Mohr-Mitchell, 1927). A giant snow white, with faint edgings of lavender-blue. One of the three best whites. Hardy everywhere.
 - Lucrezia Bori (Schreiner, 1935). One of the fine new yellows. S. Empire to Primrose yellow; F. deep yellow. A beautiful flower of great substance on tall, well branched stems. Height 42 inches. A new prize winner.

 Each \$7.50
- **Mabel Taft (Ware, 1932). A giant, wonderful blue with velvety falls. One of the largest iris grown. Mid-season.

 35c
 - Mary Geddes (Washington, 1931). A beautiful, unusual iris. S. light salmon. F. same shade but overlaid Pompeiian red; the effect is an orange-salmon. Very floriferous. Height 40 inches. Dykes Medal Winner, 1936.

 \$1.00
 - Melchior (Wallace, 1927). Beautiful red bronzy claret self; orange beard. Falls ruffled velvet. Mid-season. Height 36 inches. 25c
- **Meldoric (Ayres, 1930). One of the best. The flowers are very large and blue-black with a golden beard. A very popular iris. Height 30 inches. Honorable Mention American Iris Society, 1931.
- **Midgard (S. P. Sass, 1926). S. and F. yellow, flushed with clear pink. Free bloomer and a strong grower. Height 30 inches. You should have this lovely iris.

 25c
 - Missouri (Grinter, 1933). One of the best new blue iris. Extremely large flowers of a very beautiful, rich blue with an enamel-like finish. A profuse bloomer and very hardy; lovely fragrance. Mid-season. Height 3 feet. Winner of the Dykes Medal, 1937.
- **Mrs. Valerie West (Bliss, 1925). S. Bronze, F. deep velvety purple. A gigantic flower on well branched stems. A world famous iris. Height 36 inches.
 - Naranja (Mitchell, 1935). Richest of all the yellows; huge blooms. Falls distinctly orange. Standards bright yellow. Honorable Mention American Iris Society, 1936. Late. Height 40 inches. A new, most distinctive iris. \$10.00
- **No-We-Ta (H. P. Sass, 1932). A beautiful, true pink self; yellow flushed at the center and edges of F. and S. Beautifully curled, frilled and ruffled. One of the most beautiful.

 75c
- **Ophelia. A charming blend of old gold, pink and pale blue. One of the loveliest. Mid-season. Height 22 inches. 25c
 - Persia (Ayres). Very large blooms. F. a blend of bluish lavender. S. iridescent, steel blue. Mid-season. Height 3 feet.
- **Pink Satin. (J. Sass, 1930). Lovely, brilliant, glistening light pink on tall, well branched stalks. Height 3 feet. 50c
- **Pluie D'Or ("Golden Rain" Cayeux, France, 1928). Tall, pure rich yellow. Free flowering, hardy and a rapid grower. Winner of the French Dykes Medal. Height 36 inches.

 25c

- **President Pilkington (Cayeux, France, 1931). A grand iris. S. pale buff with faint blue suffusion. F. wide and flaring, lavender blue with yellow. Vigorous and sturdy.

 25c
 - Purissima (Mohr-Mitchell). A perfect, pure-white iris, particularly well adapted for the Pacific Northwest, California and all of the south. Not hardy in the east without protection.

 35c
 - Rameses (H. P. Sass, 1929). Winner of Dykes Medal, American Iris Society. The big flowers are freely produced in rich gold, apricot, and pink, beautifully blended. Mid-season. Height 30 inches. 25c
- **Red Dominion (Ayres, 1931). A beauty of rich red velvet. One of the most popular iris grown. Height 42 inches. 65c
- **Rheingau Perle (G. & K.). A pink of the utmost beauty and distinction.

 Petals are edged in silver.

 40c
 - Rubeo (Mohr-Mitchell, 1931). A magnificent iris with huge flowers. S. deep glistening rose. F. broad of deep maroon; rich velvety texture. Height 4 feet.
 - Santa Barbara (Mohr-Mitchell, 1925). A gigantic lavender-blue; perfect form. Early. Height 40 inches. 25c
- **San Francisco (Mohr-Mitchell, 1927). Large white flowers edged a lovely lavender. In size, shape and substance nothing can approach it. Slightly tender in sections of severe winters. Award Dykes Medal. 30c
- **Sensation (Cayeux, France). The peer of all blue iris. Cornflower blue, fragrant, flowers beautifully arched and falls flaring. Late. Height 3 feet.
- **Sierra Blue (Essig). Soft, clear blue without veining. Winner American Dykes Medal in 1935. Always in big demand; stock scarce. Height 42 inches. Early. \$1.50
 - Sikh (G. P. Baker, 1927). Rich bronze-purple blend. A very large flower of perfect form with velvety, flaring falls. Mid-season. Height 33 inches.

 25c
- **Sir Michael (Yeld, England, 1925). One of the world's finest iris. Makes a magnificent clump. S. blue-lavender, flushed copper. F. deep, rich velvety mahogany. Flourishes everywhere. Height 4 ft. Late. 30c
- **Shining Waters (Essig, 1933). A lovely, clear, campanula blue, beautiful texture, a great tall stem, well branched, carrying 12 or more buds. An iris of great beauty and poise. Award of Merit American Iris Society, 1935. Mid-season. Height 48 inches. \$1.00
- **Souv. De Mme. Gaudichau. A dark, rich velvety blue, purple bi-color of fine shape, finish and substance. Fragrant. Early. Height. 3 ft. 25c
- **Susan Bliss (Bliss, England). One of the finest pink-toned iris. Large flowers of a delicate shade of pale lilac rose. Height 3 ft. 25c
 - War Eagle (Sass, 1933). A deep, glowing red-toned iris, big and bold. Blooms often measuring 7 inches in height. Height 36 to 40 in. \$5.00
 - Winneshiek (Egel, 1931). An imposing, lustrous, gigantic, rich blue-black beauty, a deep intense violet. Mid-season. 36 inches. 35c
- **William Mohr (Mohr, 1925). An unusual giant lilac beauty. Standards flushed darker, the whole flower beautifully veined. Requires winter protection in very cold sections. Can be grown in window boxes or pots. Foliage and rhizomes are small, the flowers immense.

 35c
- **Zaharoon (Dykes, England). Indescribably beautiful, a blend of amber, buff, yellow, fawn and softest violet. A strong grower. 42 in. 40c

SPURIA or TALL BEARDLESS IRIS

Bright and showy on slender stems four to five feet tall, easily grown. Planting time is late fall—they bloom after the bearded iris—do best in moist soil and the crowns should be planted three inches below the surface, in the sun. Delivery September and October.

Ochroleuca. Noble-growing hardy plant, producing large flowers of ivory whiteness, with orange-yellow at the throat, of a stout texture, lasting in beauty for days, highly effective for decorative purposes. 6 feet. Each 40c

Sulphurea. A beautiful yellow form of the Ochroleuca. A vigorous grower; supply small. Each 50c

SIBERIAN IRIS

These Iris are tall with slender stems and narrow grass-like foliage. They are among the best for cut flowers. The plants do well in a moist location as well as in any good garden location.

Emperor. A beautiful iris with deep violet flowers. Two sizes: 25c & 40c

Perry's Blue. Large well-formed flowers of a clear shade of sky blue with white markings on the falls. Height 42 inches. In 2 sizes: 25c & 40c

Snow Queen. Pure white. Height 3 feet. In two sizes: 25c and 40c

SHIPPING TIME—LATE FALL OR EARLY SPRING

Japanese, Dutch, Spanish and English Iris Bulbs will be listed in our July Seed and Bulb Catalog.

ORIENTAL POPPIES

(TRUE PERENNIALS)

For brilliant colors, nothing equals the Oriental Poppy during their flowering period: May to July. Often they blossom again in the fall.

Breeders have succeeded in creating colors never dreamed of, such as "Golden Orange" (GOLD OF OPHIR); "Coral Pink" (PINK RADIANCE); "Pure White" (PERRY'S WHITES); "Carmine Pink" (WUNDERKIND), and many other shades.

They should be planted during July and August with the German Iris, when they are dormant, and if moved then they will thrive. If planted in the spring when growth is active, they will sulk for a long time. SO REMEMBER, PLANT THEM IN THE LATE SUMMER. They like full sun and good soil.

All of our plants are propagated from root cuttings of the parent plant and are true to name: THEY ARE NOT SEEDLINGS.

WHAT TO BUY? We have too many new named varieties—dozens of new seedlings are coming annually into commerce, and are listed by their only distinctive feature which is their name.

We are listing below a few of the best, and most outstanding colors, and we assure our customers buying these modern hybrid poppies that they will not be disappointed.

- Gold of Ophir. Golden orange which changes into the nearest yellow of any Oriental poppy as the plant grows older. Sometimes disappointing the first year after transplanting, but will repay waiting.

 90c each
- Mahony. An unusual color; mahogany-purple or a maroon shaded crimson. Very large flowers and one of the darkest of poppies—full of black flames.

 50c each
- Mrs. Perry. An old favorite; a lovely Salmon Pink.

35c each; 3 for \$1.00

- Perry's White. Satin White with maroon blotches at the base of petals.

 35c each
- Pink Radiance. An outstanding color—a deep cherry-pink. One of the finest. \$1.00 each
- Rembrandt. A magnificent orange-scarlet; most gorgeous of all. A great beauty. 25c each
- Wunderkind. A super poppy—a gem of gems, of a color that defies description—a cerise, or a brilliant watermelon pink with a 10-inch flower on a strong 3-foot stem. Does not fade in the sun, but remains attractive throughout its life. It does not produce pollen, consequently no seeds. \$1.00 each
